

A guide to uni for parents and caregivers

CRICOS Provider: 01241G TEQSA Provider: PRV12043 Australian University

Choosing a university can be a fun but challenging time. Exams, ATARs, entry ranks and course choices – there's a lot of information to digest.

As the parent or caregiver of a future university student, you might be wondering how it all works.

We've compiled some information about applying to university to make it a bit easier for you – and the future uni student in your life – to navigate your way through.

Applying for university

There are two main ways to apply for university.

- 1.
- School leavers can either apply through a Tertiary Admission Centre (TAC) or directly to the University.
- 2. Non-school leavers (someone who left school more than two years ago) apply directly to the University.

How Tertiary Admission Centres work

Tertiary Admission Centres (TACs) receive and process applications for university courses. The system is state-based with a different TAC for each state.

As we have campuses in two states, your child can either apply through UAC in New South Wales or QTAC in Queensland.

Applicants have the through a TAC.

TACs release offers in rounds during the year. School leavers who are applying to start university the following year will generally find out just before Christmas (after ATARs are released) if they have been successful in their first choice. If they don't receive an offer for their first choice, they may receive an offer for their second or third choices.

The TACs don't make decisions about who gets into a course, rather they collate and advise applicants about their application.

There is a fee involved when applying through a TAC.

The process is simple and can be completed online. If the University requires additional information the TAC will contact the applicant directly. Your child can opt for you to act on their behalf through a TAC.

Visit

Applicants have the option to indicate preferences for different courses and universities

qtac.edu.au) for more information.

How to apply directly to Southern Cross University

Applying directly is simple and can be completed online. Once a preferred course has been identified, simply click on the How to Apply button on the course page. This will show a series of choices about where the course is offered and when it starts. Some courses offer two or three start dates a year, these are called 'intakes'.

Documents can be uploaded directly through the application portal, you'll be prompted at each relevant stage for these.

Application is free.

How to apply

Where and when do you want to study?

Applications for this course are made directly to Southern Cross University via our online application service.

Australian/Domestic students

Research and International Students

- Extra information for International students is also available
- PhD and Master by Thesis applicants must discuss prospective applications with the relevant School Director of Higher Degrees by Research Training prior to applying online.
- · For more information on Higher Degrees by Research click here

You are applying for 'Bachelor of Business and Enterprise'

· Prior to entering an online application it is important you take some time to research the course you wish to study and ensure you have all relevant information and supporting documentation to begin the application

Pre-requisites and inherent requirements

Many courses at Southern Cross have a practical component, especially health and education degrees that require you to complete practical experience in clinical or educational environments. These degrees may require you to be vaccinated or complete a police check before working with children.

Some courses have what are called 'inherent requirements'. These are characteristics that enable you to successfully complete a course, for example, gross motor skills in a nursing degree.

Scan for details:

Early Offer

Early Offer is an opportunity for Year 12 students to secure a place in a Southern Cross University degree (except Midwifery), before their final results are even released. It's open for ATAR and non-ATAR eligible students and is based on senior high school results and the recommendation of the school principal rather than ATAR.

There is a simple online application that is made directly to the University. It's free and applicants are notified of the outcome from the end of November, before ATAR results are released.

For more details and to apply

visit:

(scu.edu.au/early-offer)

How do ATARs and ranking work?

A student's ATAR – Australian Tertiary Admission Rank – is based on a combination of assessments during Year 12 and exam results at the end of Year 12. The ATAR uses a scaled aggregate of a student's best two units of English and the best eight units from the remaining units.

Calculating an ATAR uses a complicated scaling algorithm to measure students against one another in any given cohort. Universities use the ATAR as a measure of academic performance in school leavers to make offers and determine cut-offs for a course. These change from year-to-year.

What if my child's ATAR is not enough?

Going straight from school to a degree is one way to start uni, but it's not the only way. If your child doesn't achieve the required ATAR to get into their course, the University may recommend they complete a pathway program first.

Southern Cross University has two excellent pathway programs suitable for school leavers. Both are fee-free and develop the academic skills and literacy that students will need at university to be successful. Undertaking a Diploma through SCU College is also an excellent way to commence university.

Transition to Uni

Six-week intensive program for school leavers starting in January. Successful completion of this program enables entry to a Southern Cross Bachelor degree (except Midwifery).

Preparing for Success Program

Three-month course offered on all campuses or online. Can be completed full-time in three months or part-time over one year. Successful completion of this program enables entry to a Southern Cross Bachelor degree (except Midwifery).

Please note some degrees have additional admission requirements, such as an interview or audition.

Diplomas

Diplomas do not require a high ATAR (45) and take one year to complete full-time. Successful completion of a Diploma enables entry with credit towards a linked Bachelor degree.

Students of SCU College pathway programs get extra support to develop their academic skills. The College also offers a range of six-month Undergraduate Certificates as pathways to a Diploma.

Visit:

scu.edu.au/pathways

*Please note some courses have additional entry requirements. See the web page for details.

Secondary School

Non-school leaver or TAFE/VET

UniStart for Schools

University preparation course delivered at school.

Early Offer

Based on high school grades and principal's recommendation.

ATAR

Direct entry to course based on ATAR.

Transition to Uni

Fee-free intensive pathway course for recent school leavers.

Preparing for Success Program

Fee-free academic preparation course offered on campus and online.

The Southern Cross Model

All courses at Southern Cross University are delivered in the Southern Cross Model. This is a unique academic model focused on interactivity, problem-solving and real-world applications.

A focused six-week unit structure gives students a greater sense of momentum and motivation as they achieve milestones quickly. Students focus on one or two units per Term for an immersive study experience, developing understanding and skills through curated content, workshops and tutorials.

Since the Southern Cross Model was implemented, our students have achieved higher grades than ever before. The Southern Cross Model is a better, and more enjoyable way to learn.

Support at uni

No student is an island, and it helps to know your child will have access to fantastic support when they are studying at Southern Cross University.

From careers advice and extra academic preparation to counselling sessions and even small student loans, we have systems in place to help if they need it.

We also offer a UniMentor program where continuing students are paired with new students, sharing their tips and knowledge. It's a free service for students by students, where they can meet face-to-face, communicate online via email, text or catch up on Facebook to chat all things university.

Support offered

Careers and employability service

Counselling services

Mentor programs

Student equity and inclusion

Student advocacy

Indigenous student support

Wifi and tech services

Academic skills support

One easy application for a range of scholarships

Scholarships really make a difference. They make education even more attainable by reducing the financial burden of study – enabling students to focus on their studies and put their learning first.

There are scholarships for every stage of your journey at Southern Cross University. Applying is easy. With one application a student will be considered for a wide range of scholarships.

Scholarships range in value from \$600, which could help buy textbooks, to \$32,000 over 4 years, which could help pay living expenses and assist students to study full-time. Scholarships are available to undergraduate and postgraduate students for:

- Academic achievement
- Financial hardship
- Indigenous Australian students
- Leadership and community involvement.

There are also Australian Government scholarships available for students to study abroad as an international exchange student.

Tuition Fees

Commonwealth-Supported Places

Tuition fees for most undergraduate degrees are subsidised by the Government. This is called a Commonwealth-Supported Place (CSP). A student pays part of the tuition and the Government pays the rest. Tuition fees are calculated per unit, not per course, and the fee structure for units is determined by the federal government. Eligible students can defer the payment of their part of the fees through the HECS-HELP scheme. This is a loan that a student repays only when their income reaches the repayment threshold. It's paid back a little at a time through the tax system.

For details visit: (scu.edu.au/fees/sca)

Student Services and Amenities Fee

Also known as SSAF, the Student Services and Amenities Fee is a compulsory fee used to provide important services and amenities to students both on and off campus. It's charged per unit, based on the unit's credit point value. The maximum SSAF amount in 2023 was \$326. Eligible students have the option of deferring this fee through the SA-HELP loan scheme.

For details visit: (scu.edu.au/ssaf)

Full Fee Paying Place

A fee-paying student includes any domestic student who is paying the full (unsubsidised) tuition fee for a unit of study. Eligible students can defer the payment of their tuition fees through the FEE-HELP scheme.

For details visit: (studyassist.gov.au)

Other study costs

Your costs could also include computer equipment and software, books, stationery, field trips, uniforms or other course-specific expenses such as art materials, musical equipment or travel for practicums, internships or industry experience.

Important: To be eligible for a CSP or to access the HECS-HELP scheme or other Commonwealth assistance, your child will need to provide their Unique Student Identifier (USI) number and their Tax File Number (TFN). Visit <u>usi.gov.au/students</u> for information on locating or applying for a USI and <u>ato.gov.au</u> to apply for a TFN. Note this can take up to 28 days – don't leave it until the last minute!
